## OUR MISSION

Metropolitan Pit Stop was founded in 1975 to establish the world's finest parts and repair company for Metropolitans. We pride ourselves on being able to offer you a complete selection of the finest quality parts to replace any of the 14,726 parts that Metropolitans are made of. Considerable research and expense has gone into retooling and remanufacturing many Metropolitan parts to their original specifications. Whenever possible, we've made improvements over the original parts by using thicker gauge metal, better plating and updated rubber and plastic formulations. Be confident our parts put inside/outside/underneath a Met will fit + look + work right and are safe and reliable. With your continued support and input, we intend to fulfill your every Metropolitan need.

## PARTS

Parts listed in this catalog are new unless otherwise indicated. Rebuilt parts are sold "exchange". Part(s) to be exchanged must be received with your order or a core charge will be added to the price of the part(s). The core charge will only be refunded if core received is the same type as the core sold, is rebuildable, has no missing pieces and has not been taken apart. We recommend you pack the core in a sturdy box, tape securely, ship it insured and obtain a tracking number. Copy of invoice must be enclosed with core for refund of core charge.

Used parts are sold "as is" and are in good usable condition. No two matching items are in the same cosmetic condition. If appearance is of major concern, ask for "select used" and we will quote the price.

All our parts are inspected and tested by our shop's technicians.

We also have N.O.S. (new old stock) parts for those serious competitors looking to restore a Metropolitan to original condition. N.O.S. prices are considerably higher than the prices listed in our catalog. Call to inquire.

## WARRANTY

All of our new and rebuilt parts are guaranteed against defects in material and workmanship for a period of 60 days from date of purchase. This warranty covers only the part and does not include labor or failure of a related component. In no case would liability of Metropolitan Pit Stop, Inc. exceed the invoiced price for the guaranteed part. We make no other warranty, expressed or implied.

## ADDITIONAL SERVICES

We're happy to answer technical questions for our customers. Simply call us at 818-769-1515 or email: [info@metpittstop.com](mailto:info@metpittstop.com).

We offer complete diagnostic inspections. For a modest fee, we'll examine your Metropolitan and provide you with an assessment of your car's components, including an itemized estimate for whatever repairs we recommend.

We provide full service as well as routine maintenance on Metropolitans. All parts are in stock, so repairs proceed quickly and efficiently.

We offer partial and complete restorations. Every Metropolitan we take in is treated with expert care. Whether the desired result is to be an award-winner, a stunning pleasure vehicle or good looking daily driver, every Metropolitan is restored with meticulous attention to detail.

Please contact our Service Department for more information.

## ORDERING

It's easy to order! Call us at 818-769-1515 or toll-free at 800-677-5519 Monday thru Friday, 8:30am - 6pm Pacific Standard Time. Order 24/7 by email to [info@metpitstop.com](mailto:info@metpitstop.com), fax to 818-769-3500, or mail to 5324 Laurel Canyon Blvd., North Hollywood CA 91607.

## PAYMENT

We accept VISA, MasterCard, Discover and American Express. Please supply credit card number, expiration date, name and address of cardholder and daytime telephone number. Mail orders received with a Money Order or Cashier's Check ship immediately, however orders received with a personal check or business check will be held for 5 days before shipping. Sorry, no C.O.D. orders accepted.

## PRICES

We make every effort to maintain our current prices, however prices and item availability are subject to change without notice. For orders delivered in California, sales tax will be added.

## DAMAGE

Delivery of merchandise in good condition is the responsibility of the carrier. Should your order arrive in damaged condition, notify us immediately. Keep original box and packing material until claim is settled.

## RETURNS

Returns are accepted for refund up to 60 days from date of invoice. Returns over 60 days will receive store credit. Copy of invoice must be enclosed with returned item(s). Phone 818-769-1515 for return authorization number. Restocking fee of 15% may apply unless item is defective or was sold or shipped in error. No returns on electrical, bearings, paint, upholstery items, printed material, collectibles and special orders.

199.50

# ***Collectibles & Memorabilia***

All items are in excellent to mint condition unless stated otherwise.  
Quantities are very limited, these being original.

ITEM	YEAR	DESCRIPTION	PRICE
A	1954	Nash Presents The Key to Kenosha: a 2-color brochure guide to the huge Nash assembly plant. 8 pages, 4" x 8 1/2" - very rare.	25.00
B	1954	Nash Motors Metropolitan color sales brochure, black cover with skyrockets: 11 1/2" x 8 1/2" - opens to 22 1/2" x 25" - makes a great poster! First brochure issued, 3-54.	19.50
C		American Motors plant employees badge. These rare badges came from the AMC plant. Most Metropolitans passed through the AMC plant for inspections, fine-tuning and for factory installed accessories. Each badge is unique, with an AMC employee number printed in the center. The color designates the section of the factory the employee was authorized to work in. Wear a historical badge and share the story when driving or showing your Met. You can even insert a photo of your Met in the window.	9.95
D	1954	Nash Metropolitan dual key blank - in metal key container with attached ring. 1 side of container pictures a Metropolitan hardtop - flip side has Nash crest. Red/black/white on brass plate.	99.75
E	1956	"Nash News" 2-color issue announcing the "Metropolitan 1500 Series" to dealers. Large photo of a Met on the cover. 12 pages, 11" x 14".	19.50
F	1957	"Delivered Prices" factory salesman's price list for 1957 Metropolitans/Ramblers/Hornets. 4 pages, 3 1/2" x 8 1/2".	5.00
G	1957 1958	American Motors Annual Report - 1957: 2-color brochure. Shows Metropolitan & other AMC cars, president's report, automotive & appliance divisions "outlooks" with photos, details of prospects for 1958 Metropolitan expanded business. Detailed balance sheets show company net loss in 1957. Much fascinating info. 14 pages, 8 1/2" x 11".	10.00
H	1958	AMC factory Nash Metropolitan club key chain with red/blue/silver Met club emblem on brass plated medallion.	85.00

# ***Collectibles & Memorabilia***

All items are in excellent to mint condition unless stated otherwise.

Quantities are very limited, these being original.

ITEM	YEAR	DESCRIPTION	PRICE
I	1958	"Delivered Prices" factory salesman's price list for 1958 Metropolitans/Ramblers. 4 pages, 3 1/2" x 8 1/2".	5.00
J	1958	AMC "X-Ray" 2-color brochure comparing Metropolitan to VW/Ford Anglia/Renault Dauphine/Hillman Minx. Large photo of a Met on cover, more views & statistics inside, 8 pages - 8 1/4" x 11".	22.50
K	1959- 1962	Metropolitan sales brochure showing in full color, 4 interior & 8 exterior views of Mets plus "paint dip" & cut-away views plus extensive specifications. 11 1/2" X 8 1/2", opens to 23" x 17" - makes a fantastic poster!	19.95
L	1959	AMC color postcard showing Metropolitans - black/white hardtop & yellow/white convertible. 5 1/2" X 3 1/4".	10.00

# Shipping

We offer same day shipping Monday - Friday if ordered by 2pm Pacific Standard Time.

Orders within the 48 contiguous United States are shipped via UPS Ground. Next Day Air, 2nd Day Air, 3-Day Select and/or Saturday delivery is available for an additional charge. UPS does not deliver to P.O. Boxes. Alaska, Hawaii and Puerto Rico orders ship via U.S. Postal Service, with actual cost of air freight added to the regular shipping/handling charge.

International orders are shipped via U.S. Postal Service. Actual cost of air freight will be added to the regular shipping/handling charge. Payment must be made by credit card or Cashier's Check in U.S. funds. Brokerage fees, duties and taxes are the responsibility of the customer.

Some fragile, extra heavy or oversize items require special handling and packaging. These items carry an additional charge to help cover these costs. Items that are too heavy or oversize for UPS Ground will be shipped via truck with the actual cost added to our regular shipping/handling charge.

Due to rising shipping costs, a temporary fuel surcharge may be added to each shipment.

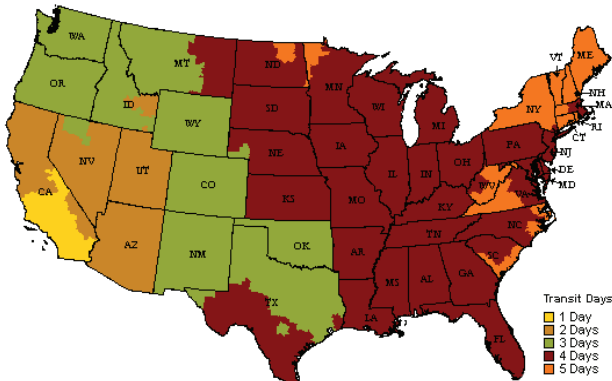

Very small items may ship via US Postal Service for \$5.00 shipping charge.

## SHIPPING CHART

1,000.01 and up	\$42.00

## ***A Visit to the Grandest Metropolitan Museum in the World!***

There are any number of things that a person should try to do in their lifetime. All U.S. citizens should get to Mount Rushmore and the Statue of Liberty. World travelers should see the Pyramids and the Eiffel Tower. Metropolitan owners owe it to themselves to visit the Metropolitan Museum at Met Pit Stop. That's all there is to it!

You look up & know you've landed in the right spot—there is the back end of a Metropolitan blasting out of the upper wall of the building, breaking right thru the plaster! The front windows are painted to look like marble. (See front cover of this catalog).

The museum is a masterpiece of space utilization, fantasy & Trompe-L'oeil—the art of transforming flat walls into seemingly realistic spaces, complete with depth, shading & perspective. Each of the room's four walls has a theme tied to the Mets nearby. Opposite the entrance is the (real) parts department & gift shop—set up to look like 50's stores with awnings & clever signs. In front of them sit two unique (incredibly restored!) Mets: the prototype Metropolitan Station Wagon and the 1955 "concept" Metropolitan (code named "Astra-Gnome"): what Mets of the future were envisioned to look like.

The right wall has a diorama which includes a castle on a hill, a lonesome desert road and a "Metro" gas station complete with a Met police car. In front of each of these 3 melded scenes is an appropriate Metropolitan: the castle a backdrop for a (thoroughly restored) British right-hand drive convertible (License reads LO•NE14T—figure it out?); the desert image shows off the "Westerner"—the 'Palomino Biege Pearlescent'—painted Met displayed at all Western U.S.A auto shows in 1961-62. It has hand tooled medallions on its 'tuck & roll' leather seats & interior door panels; special emblems on fenders including 'Rodeo Gal on Cow Pony'—inspired by famous Ned Jordan painting "Somewhere West of Laramie"; vented full wheel covers with 2-color 'M' medallions. In front of it sits an adobe red (all-original) 1953 "NKI Custom" (code name for early production yet un-named Metropolitans). At desert's edge is the 'Metro' Gas Station.

The front wall is painted to represent the Valentine Volunteer Fire Dept. building, with one door closed & another open with the Chief's (full size) Met ready to roll. (Remember this is all done on a flat wall!) Before this masterpiece is another masterpiece—the redder than red Metropolitan hook & ladder fire engine, built in 1957 for Catskill Game Farm.

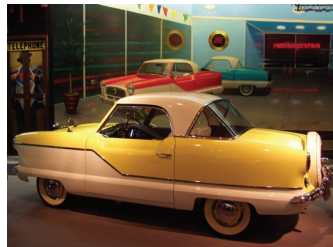

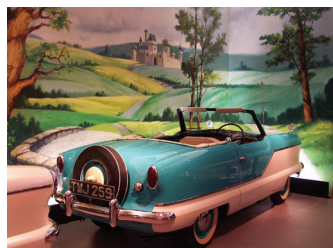

The left wall is the "Dealership" showroom mural—more than 10 feet high & 27 feet across with five Mets on display—which move as you walk along! You have to see it to believe it! Before this mural: a 1957 customized "Hudson" Met (owned by former Met National Sales Mgr.) & a 100% original near-final production 1961 AMC Met. Wrapping around the front wall from the "Dealership" is a phone booth with Superman changing into his crime fighting suit, and a look into a 50's Eve's Diner where Humphrey Bogart, Frank Sinatra and Marilyn Monroe are sharing a snack at the counter while Elvis Presley & a young starlet have coffee in a private booth.

If you are ever in the Los Angeles area, plan ahead & make sure you see the Metropolitan Museum.

I was lucky enough to have a private tour meeting with Jimmy & Eve Valentine, the creative force behind the museum and most fascinating people. Now I want to take other Met owners on a trek to the grandest shrine to our funky cute little cars. The Pyramids & Mount Rushmore can wait!

—Peter Anning (See pictures on next page)
